Library News: Dvd Collection

We have moved all our dvds into a separate collection in the HE Area of the Library. This brings them together in a central location and allows us to display popular titles more prominently. So whether you need that Shakespeare play adaptation, or a documentary film on Climate change, please have a browse. If it is not there, it might be available on our streaming service Clickview!

We have produced a ‘Library guide for Abbeygate sixth form students,’ highlighting the many resources and services we provide. Please pop up and take a look at our physical and electronic resources that we offer. If you have any questions we will be happy to help.
